## Revision Record

| Version   | Revised Date  | Content of Revision                                                                                                                                                                                                                                        |
|-----------|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.0 R01   | Dec. 21, 2011 | First Edition                                                                                                                                                                                                                                              |
| 5.0 R02   | Feb. 11, 2012 | Add SP509 series, SW559 series, SW316 series and SC386 to supported devices.                                                                                                                                                                               |
| 6.0 R01   | Apr. 27, 2012 | Updated the firmware version.                                                                                                                                                                                                                              |
| 6.0 R02   | Jul. 7, 2012  | Add SF539 series and SF549 series to supported devices.                                                                                                                                                                                                    |
| 7.0 R01   | Dec. 13, 2013 | Add SF438 series and SW458 series to supported devices.                                                                                                                                                                                                    |
| 7.1 R01   | Mar. 21, 2013 | Updated the firmware version.                                                                                                                                                                                                                              |
| 7.2 R01   | Jul. 12, 2013 | 1) Updated the firmware version.<br>2) Add SF448 series, SW598 series, SW158 series, SF138 series, ST162 series, ST165 series, SW172 series, SW174W series, SW175 series, GXE100 series, SC588 series, SP307 series and SF337 series to supported devices. |
| 7.4 R01   | Mar. 26, 2014 | 1) Updated the firmware version.<br>2) Add SFV631L series, SFV611 series and SW115 series to supported devices.                                                                                                                                            |
| 7.5 R01   | Jul. 14, 2014 | 1) Updated the firmware version.<br>2) Add NV300 series, SPN631 series, SPN611 series and SFV311 series to supported devices.                                                                                                                              |
| 8.1 R01   | Jan. 20, 2014 | 1) Updated the firmware version.<br>2) Add NV250 series, SC384A series, ST162A series, ST165A series, SW172A series, SW174WA series, SW175A series, SFV631LT series, SFV481 series to supported devices.                                                   |
| 9.0 R01   | Jul. 17, 2015 | 1) Updated the firmware version.<br>2) Add SFV533 series, SFV313 series, SFV531 series, SW374 series, SW397 series, SFV781 series to supported devices.                                                                                                    |
| 9.2 R01   | Oct. 14, 2015 | 1) Updated the firmware version.<br>2) Add SPW531A series, SPN531A series, SPN310A series, SPW532 series, SFV311A series, SFR311A series, SFN311A series, SP105A series, SC384B series to supported devices.                                               |
| 9.4 R01   | Apr. 8, 2016  | 1) Updated the firmware version.<br>2) Add SFV130 series to supported devices.                                                                                                                                                                             |
| 10.0 R01  | Feb. 8, 2017  | 1) Updated the firmware version.<br>2) Add NX400 series, S2532 series, S2132 series, S1531 series, S2231 series, S1132 series, SUD638 series to supported devices.                                                                                         |
| 10.1 R01  | Jun. 19, 2017 | 1) Change company name.<br>2) Add NX200 series, X6531 series to supported devices.                                                                                                                                                                         |
| 10.3 R01  | Dec. 12, 2017 | 1) Updated the firmware version.<br>2) Add NX300 series, S4550 series, S6131 series, S6530 series, S6110 series to supported devices.                                                                                                                      |
| 11.00 R01 | Mar. 23, 2018 | 1) Updated the firmware version.<br>2) Add X4571 series to supported devices.                                                                                                                                                                              |
| 11.10 R01 | Jun. 29, 2018 | 1) Updated the firmware version.<br>2) Add S2550 series, X8570 series to supported devices.                                                                                                                                                                |
| 11.30 R01 | Jan. 29, 2019 | 1) Updated the firmware version.<br>2) Add NX100 series, S3530 series to supported devices.                                                                                                                                                                |
| 11.40 R01 | Jun. 26, 2019 | 1) Updated the firmware version.<br>2) Add S2570 series, X6533 series, S6532 series to supported devices.                                                                                                                                                  |

| Version   | Revised Date  | Content of Revision                                                                                                                                                                                                                                                                                                              |
|-----------|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11.60 R01 | May. 29, 2020 | 1) Change company name.<br>2) Updated the firmware version.<br>3) Add U1142 series, U2142 series , U1542 series, U2542 series, U1133 series , U2140 series , U1533 series , U2540 series to supported devices.                                                                                                                   |
| 11.80 R02 | Sep. 7, 2020  | Add X2551 series, S2552 series to supported devices.                                                                                                                                                                                                                                                                             |
| 12.00 R01 | May. 31, 2021 | 1) Updated the firmware version.<br>2) Add X8571 series, X4573 series S4551 series to supported devices.                                                                                                                                                                                                                         |
| 12.10 R01 | Aug. 31, 2021 | 1) Updated the firmware version.<br>2) Add S1136 series to supported devices.                                                                                                                                                                                                                                                    |
| 12.30 R01 | Jan. 31, 2022 | 1) Add 1.Preface<br>2) Updated the firmware version.<br>3) Add S4576 series, S4556 series, S7130 series to supported devices.                                                                                                                                                                                                    |
| 12.50 R01 | Apr. 1, 2022  | 1) Changed company name.<br>2) Add S8574 series, S8573 series and S25700-V2 series to supported devices.                                                                                                                                                                                                                         |
| 12.70 R01 | Jun. 30, 2022 | 1) Add S25500-F6 series, S65340-Z4 series S65340-Z2 series B65301-Z1 series B61301-Z2 series B61301-Z1 series and B65300-ZY series to supported devices.<br>2) Updated supported devices S1136 series , S71300-F3 series, and S25700-V2 series                                                                                   |
| 12.80 R01 | Sep. 30, 2022 | 1) Add B54300-F3 series to supported devices.                                                                                                                                                                                                                                                                                    |
| 12.90 R01 | Dec. 9, 2022  | 1) Add NU301,NU300,NU201,NU101 series to supported devices.                                                                                                                                                                                                                                                                      |
| 13.00 R01 | Mar. 10, 2023 | 1) 1.1 Updated Precautions for supported i-PRO products<br>2) Add S65302-Z2 series, S65501-Z1 series, S65300-ZY series, X86530-Z2 series, X86531-Z2 series to supported devices.<br>3) Add WV-S8574LG to S8574 series.<br>4) Add WV-S65340-Z4, WV-S65340-Z4N1 to S65340-Z4 series.<br>5) Add WV-S65340-Z2N1 to S65340-Z2 series. |
| 13.10 R01 | Dec. 20, 2023 | 1) Add NX510 series, NX410 series, NX310 series to supported devices.<br>2) Add S85702-F3 series,X35302-F2 series,S66700-Z3 series,X66700-Z3 series,S66300-Z4 series,X66300-Z4 series,S66300-Z3 series,X66300-Z3 series,U21300-V2 series to supported devices.                                                                   |
| 13.20 R01 | Jul. 31, 2025 | 1) Add NX210 series to supported devices.<br>2) Add X67701-Z3 series, X67711-Z3 series, X67301-Z4 series, X67311-Z4 series, X67700-Z3 series, X67710-Z3 series, X67300-Z4 series, X67310-Z4 series, to supported devices.                                                                                                        |

## 1. Preface

### 1.1. Precautions for supported i-PRO products

- PS-API is an SDK for developing PC software. Used for the purpose of connecting to i-PRO devices (cameras, recorders, etc.) and performing live / playback. This SDK is a common library in the region.  
Therefore, all supported products are listed in this manual.  
Please use products sold in your area.
- Models with "UX" or "A" at the end may not be listed, but you can use them if the characters before "UX" or "A" are on the list.
- For i-PRO network cameras and network disk recorders (NX) released ( published online in 2023 or later),models not listed may generally still be used.  
However, please note that error codes and other behaviors may differ.

## 2. Supported i-PRO Product

### 2.1. Network Disk Recorder

| Type                  | Model                  | Firmware        | Series    |
|-----------------------|------------------------|-----------------|-----------|
| Network Disk Recorder | DG-ND200<br>WJ-ND200   | v.3.35 or later | ND200     |
|                       | WJ-ND300               | v.5.20 or later | ND300     |
|                       | DG-ND300A<br>WJ-ND300A | v.5.20 or later |           |
|                       | DG-ND400<br>WJ-ND400   | v.6.10 or later | ND400     |
|                       | DG-NV200<br>WJ-NV200   | v.2.60 or later | NV200     |
|                       | WJ-NV250(*1)           | v.2.30 or later | NV250     |
|                       | WJ-NV300               | v.2.30 or later | NV300     |
|                       | WJ-NX400               | v.5.10 or later | NX400     |
|                       | WJ-NX300               | v.5.10 or later | NX300     |
|                       | WJ-NX200               | V5.10 or later  | NX200     |
|                       | WJ-NX100               | V5.10 or later  | NX100     |
|                       | WJ-NU301               | V1.00 or later  | NU300/301 |
|                       | WJ-NU300               | V1.00 or later  |           |
|                       | WJ-NU201               | V1.00 or later  | NU201     |
|                       | WJ-NU101               | V1.00 or later  | NU101     |
|                       | WJ-NX510               | V1.00 or later  | NX510     |
|                       | WJ-NX410               | V1.00 or later  | NX410     |
|                       | WJ-NX310               | V1.00 or later  | NX310     |
|                       | WJ-NX210               | V1.00 or later  | NX210     |

\*1 : WJ-NV250 and WJ-NX100 is Japanese model.

### 2.2. Digital Disk Recorder

| Type                  | Model                                               | Firmware        | Series    |
|-----------------------|-----------------------------------------------------|-----------------|-----------|
| Digital Disk Recorder | WJ-HD309 (*2)<br>WJ-HD309A<br>WJ-HD316A<br>WJ-HD350 | v.3.45 or later | HD300     |
|                       | WJ-HD616<br>WJ-HD716                                | v.2.70 or later | HD600/700 |

\*2 : About WJ-HD309, PS-API supports only Japanese model.

### 2.3. Network Camera

| Type           | Model                                            | Firmware        | Series |
|----------------|--------------------------------------------------|-----------------|--------|
| Network Camera | DG-NP244<br>RP-NP244                             | v.1.84 or later | NP240  |
|                | WV-NP244<br>WV-NP240                             | v1.84 or later  |        |
|                | DG-NP1004<br>WV-NP1004<br>DG-NP1000<br>WV-NP1000 | v.1.25 or later | NP1000 |
|                | DG-NS202<br>WV-NS202                             | v.1.11 or later | NS202  |
|                | DG-NS202A<br>WV-NS202A                           | v.2.74 or later |        |
|                | DG-NF282<br>WV-NF284                             | v.1.64 or later | NF280  |
|                | DG-NW484S<br>WV-NW484S                           | v.1.64 or later | NW484  |
|                | DG-NS950<br>WV-NS954<br>WV-NS950                 | v.1.64 or later | NS950  |
